Why are you running for SVUSD School Board? Why are you qualified? I have the knowledge and expertise of the school system that enables me to know what is effective and not effective. I am running to empower parents power and restore student rights. STEM and true history. Equity curriculums are destroying equality.

What do you think are the biggest challenges facing SVUSD right now and what are your plans to address these challenges?

1. There is a lack of parent empowerment and authority (mandates, shutdowns, medical authority, curriculum)
2. DEI/SEL/QCI propaganda is replacing STEM and True History.
3. Safety- It appears the board is deaf to calls for safety measures.

How will you prioritize the use of finite SVUSD resources?

1. **Safety**
2. **Excellence in Education- STEM, True History, College prep, Career Skills**
3. The above all needs the facilities, technologies, equipment and trained personnel to ensure this.
4. Cut DEI and SEL.
